EXECUTIVE DIRECTOR’S REPORT
Mr. Zabriskie gave an update on the following topics:
ZOOM: a ZOOM account has been purchased and set up for all OCPL libraries to use for any virtual meetings. Each location will need to go through OCPL’s Information Technology (IT) staff to reserve their meeting. Mr. Zabriskie thanked the IT staff for getting this important service up and running.
Annual Report: Many people have been working on this and we are waiting for the County’s yearend figures they are still working on before we can submit the report to the State.
Under the circumstances, the resolution for the annual report has been tabled until the April board meeting.
COVID19: has been all the conversation within the last 2 weeks. Mr. Zabriskie expressed his appreciation for all the hard work the administration and staff have been doing over this health crisis.
➢ Digital Resources: We have been pulling together a lot of resources and
they are posted on our webpage with new resources being added on a regular basis. There is something there for everyone whether you are looking for homeschooling ideas, trying to learn a new language or just about anything else inbetween.

➢ **Children’s Meal Service**: Ms. Coffta organized having Central Library as a pick-up site for breakfast and lunch service with the Syracuse City School District for children 18 and under. Any child within Onondaga County can pick-up their meals Monday-Friday between 10:00-1:00.

➢ **Tech Backpacks**: County will be using some of our current supply for their emergency services.

➢ **County Communications**: The County has been great with keeping the lines of communications open and are always available for us to reach out to when needed.

**Safety and Security**: We sent out protocols on cancelling our programs and pulling all the toys immediately to get ahead of the potential spread of the virus. We stayed open until the County received their 1st positive case. County facilities staff, which is what are maintenance and custodial staff are under are on the frontline during this time being pulled to clean other spaces within the County.

➢ **Timeline**: On March 18th the County instructed that all non-essential employees are to stay home beginning March 19th through 31st with this being a fluid timeline. Mr. Zabriskie’s goal is to be in the office with as few staff members as possible for the remainder of the week. It will be reassessed on a ongoing basis.

➢ **Staff**: We are working on multiple strategies for working from home, such as webinar training opportunities and holding various discussion groups.
