### Summary

The Central Library launched our *Unearth a Story* 2026 Summer Reading Program with a Kickoff Party on Monday, July 6<sup>th</sup>. We were excited to welcome many families to the KidSpace to enjoy the READytown playspace and special activities including face painting by FPL Entertainment, dinosaur buttonmaking, and crafts. This marks the first of many special programs this summer. We also officially launched the Reading Dragons and Friends program and handed out Starter sets to all the children who registered. Additionally, Central Library will be offering a Reading Program for Adults and Teens featuring raffle prizes donated by local businesses including The Sound Garden and Parthenon Books.
