Q2 How important are these OCPL Resource Sharing Services to your library?

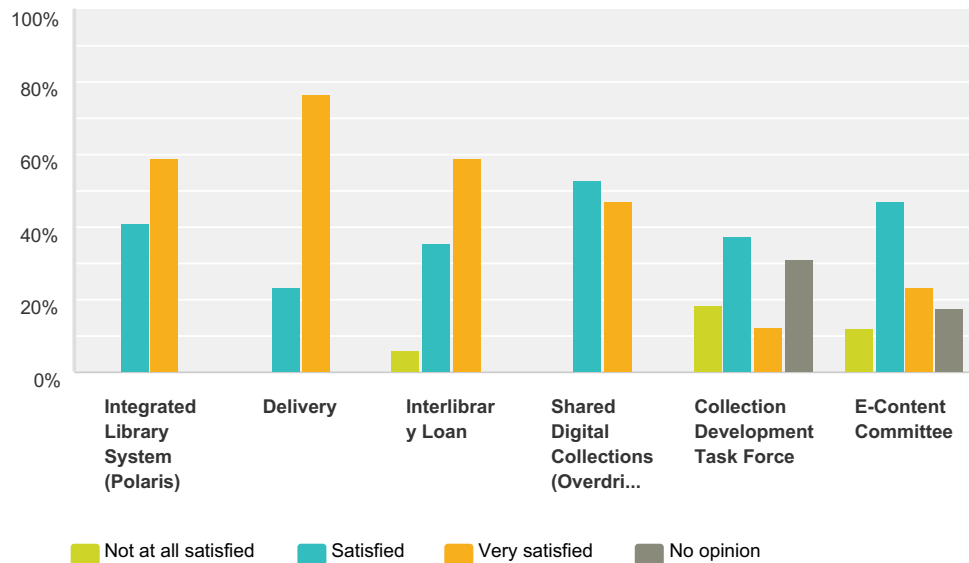

Answered: 18 Skipped: 0

#	Comments:	Date
1	We look forward to resuming bulk loans to augment our collection.	12/22/2015 4:26 PM
2	With such a small budget, the resources that are provided to our patrons through OCPL are great!	12/22/2015 10:32 AM
3	It is important to have shared databases. It is difficult for patrons to understand why they are not allowed to use certain databases or online resources such as Hoopla when belonging to a member branch. Is there a way for member branches to do a consortium purchase like Overdrive? It is important to communicate information about county-wide grant funding initiatives. For instance, knowing what county-wide funding is available for member branches and how to apply for or participate? Also, how does a member library work with city branches if they find a large grant they want to apply for?	12/17/2015 1:55 PM
4	ILS & delivery are main reason to be in consortium. Others are valuable but we could do on our own if we had to. Not the case for smaller libraries	12/17/2015 11:35 AM
5	I would have liked to see an intermediate category for 'somewhat important.'	12/10/2015 10:11 AM
6	Delivery and ILL are important in the structures for sharing that we have in place today; however, we believe the systems and processes for both can be tremendously improved which would result in greater efficiencies for both the system and the local libraries	12/7/2015 4:20 PM
7	As a small suburban library, we depend on resource sharing to supplement our collection. In turn, we strive to spend our e-content money on titles that will be of use to the whole system. I am sometimes frustrated when libraries' e-content money goes to materials that are not in-demand, and we are left with more of a burden.	12/7/2015 12:00 PM

Q3 How satisfied are you with these OCPL Resource Sharing Services?

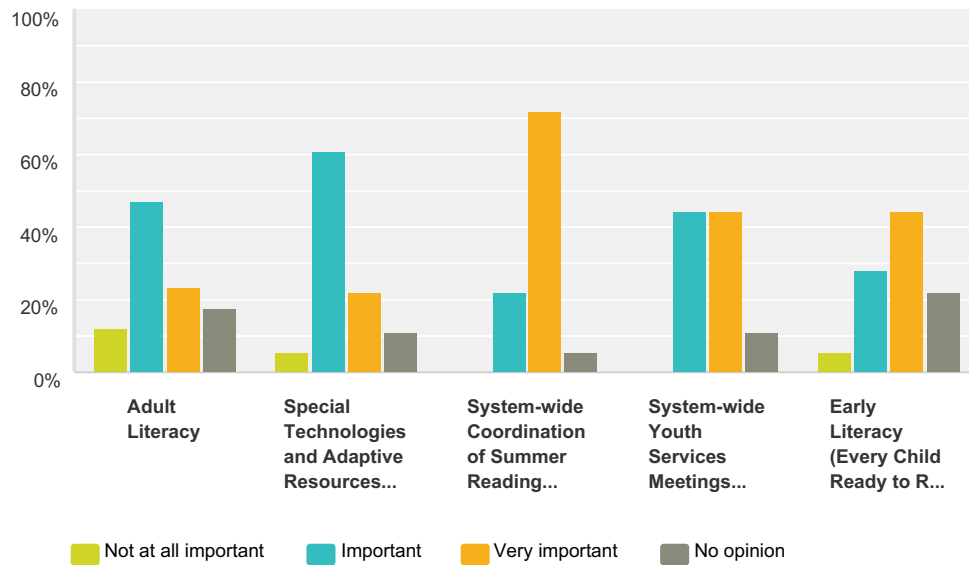

Answered: 17 Skipped: 1

#	Comments:	Date
1	We are looking forward to using the online ILL form.	12/22/2015 1:17 PM
2	In need of "best practices" guidelines for staff responsible for collections and how to maintain these collections in Polaris. ILL process is confusing for patrons and staff because libraries have different procedures. Also need training if online version will be rolled out and need an update on when this new method will begin. Shared Digital Collections are helpful but it is confusing that Liverpool and Fayetteville have own collections – is there a way to bring back to one platform? What are the goals of the Collection Development Task Force and E-Content Committee and are all members represented? What other working groups exist and are all libraries invited to participate and be part of the process? Who do we contact if our staff need training on how to use databases? Also, who do we contact about what databases should be purchased for county-wide use?	12/17/2015 1:55 PM
3	staff expressed disappointment in lack of leadership with Polaris service. Delivery has improved vastly in past 2 years. Staff also disappointed with Polaris/Overdrive integration. Collection task force has been defunct for a year. eContent committee needs to better communicate with all libraries on actions taken. Ask for more input from libraries not represented.	12/17/2015 11:35 AM
4	I wish the length of delivery could be consistent. We range from 3-7 days at any given time. I wish we had more funding for overdrive and ebooks.	12/10/2015 1:04 PM
5	Again, you need a category for 'somewhat satisfied' or equivalent ranking.	12/10/2015 10:11 AM
6	there should be a Somewhat Satisfied option which would allow for notes about suggested improvements; I would mark all 6 of the items in #3 as Somewhat Satisfied for various reasons	12/7/2015 4:20 PM
7	I am not always clear on database purchasing and discontinuing decisions.	12/7/2015 12:00 PM

Q4 How important are these OCPL Special Client Services to your library?

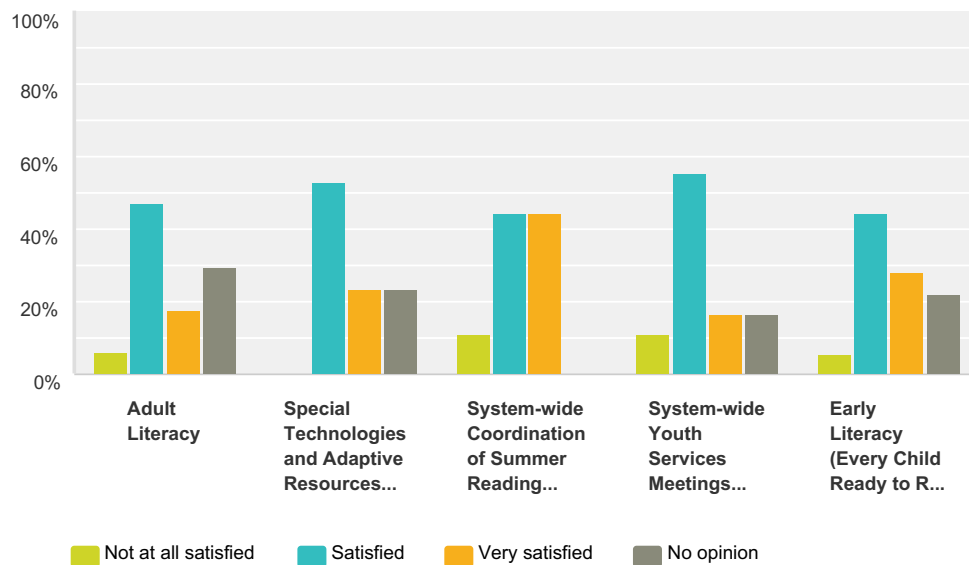

Answered: 18 Skipped: 0

#	Comments:	Date
1	While there isn't enough time to attend all the meetings, it is good to know that they are there in case questions need to be answered.	12/22/2015 10:32 AM
2	The BV children's services librarian said that the meetings do not have one person as the organizer and the content seems focused on the city libraries.	12/21/2015 4:58 PM
3	hard to afford shared special technologies would benefit all. Literacy for all ages is a key function of the library. having a source to send our patrons learning English as a 2nd language would be great.	12/17/2015 11:35 AM
4	There needs to be a Somewhat Important option- I would mark the first 4 items in number 4 as Somewhat Important	12/7/2015 4:20 PM
5	I am not sure of the role or impact of Adult Literacy services -- what does this encompass? System-wide coordination of summer learning has been very important to me as a person who is closely involved in the YA badge program. I would love to see a system-wide brand for summer learning, like Chicago Summer of Learning and other similar endeavors. However, because I have had experience trying to coordinate such efforts, I realize they can sometimes be frustrating and take a long time to get off the ground! I really think we should try to go out on our own and invest in software for summer learning. The free state resources, such as Wandoo, have worked well, but if we're going to really coordinate a system-wide program we need to be able to have something tailored to us.	12/7/2015 12:00 PM

Q5 How satisfied are you with these OCPL Special Client Services?

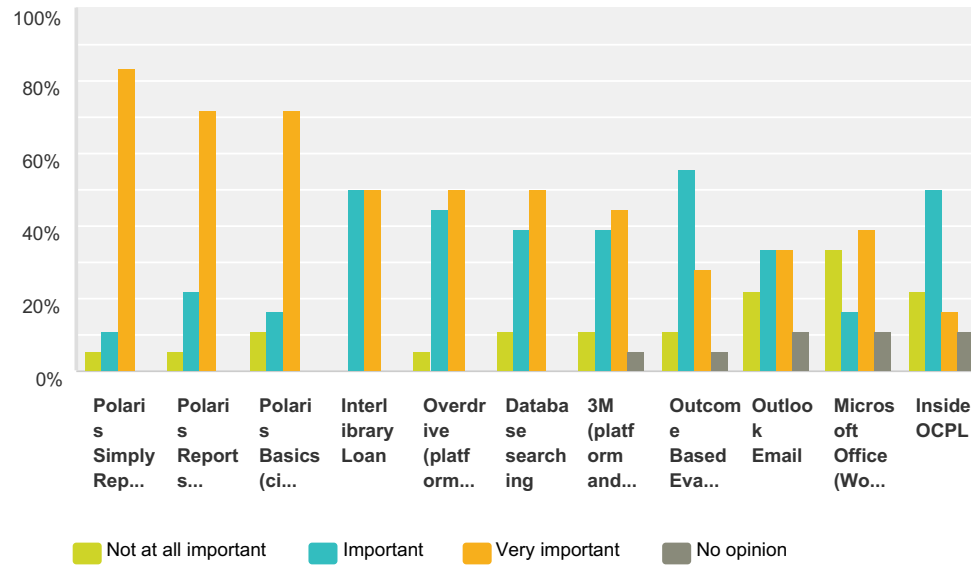

Answered: 18 Skipped: 0

#	Comments:	Date
1	The NYS Early Literacy Training has been valuable. YA meetings need more support so that more YA staff can attend.	12/22/2015 1:17 PM
2	Mark is very helpful whenever I have a question related to special services.	12/21/2015 4:58 PM
3	I don't work with the children and youth, but I know the SRP coordination and the Youth Services meetings are important to the library's children's librarian, and therefore to me.	12/17/2015 4:01 PM
4	What services currently fall under "Adult Literacy" and who do we contact if we have suggestions/ideas? What Special Technologies and Adaptive Resources are currently available for patrons with disabilities? How do we train staff on using the special technologies/adaptive resources? System-wide Summer Reading Program: currently in flux due to loss of Family Literacy Grant Funding and changes with online reporting software; need updates ASAP as Summer Reading planning starts as early as January. Need more county-wide training/support for all staff members. Also need better coordinated publicity efforts for all libraries (maybe a county-wide publicity campaign). System-wide Youth Services meetings: Who does the group communicate their recommendations/concerns for county-wide teen services? Teen Summer Reading program in flux – need better working group to help facilitate discussion between city and member branches on what the program will look like in 2016 and how to advertise Teen Summer Reading program. Every Child Ready to Read Love the idea of "every child ready to read." However, our library did not purchase the resources. Why is there a charge for a program that is so highly recommended at the state and county levels? So we use other resources: Readaloud.org and Upstart's tips for promoting early literacy to be more accessible. And gather that statewide we should promote "DaybyDayNY." We don't really hear that much about it at the county level. ELCAA Early Literacy Community Asset Analysis Curious about what data, trends, or insight was gained from the analysis we were required to complete last winter. After the lengthy (and stressful) process, we hoped to get some sort of feedback about the findings.	12/17/2015 1:55 PM
5	Having a resource for patrons needing help with English as 2nd language would be helpful. Coordinating of summer reading programs like MOST etc is very helpful. Our staff does not make it to many YYS or CYS meeting but we feel the sharing of ideas is important	12/17/2015 11:35 AM
6	Somewhat Satisfied numbers 3 & 5 under #5	12/7/2015 4:20 PM

Q6 How important are these Professional Development & Training opportunities to your library?

Answered: 18 Skipped: 0

#	Comments:	Date
1	It would be wonderful if OCPL could provide someone who can provide training to our patrons on computers, Microsoft Office, eReaders, etc. We don't have enough staff or time to be able to do all these things for our patrons.	12/22/2015 10:32 AM
2	BV has a training comm and they are very capable of handling the MS Office and Outlook training and are focused on making sure all staff are trained. They are also able to address Polaris basics but would need train the trainer training if there are any big changes.	12/21/2015 4:58 PM
3	I wasn't aware that member library staff could get free training in MS Office. And I'm not sure how OBE affects us -- I'm not aware of it being used.	12/17/2015 4:01 PM
4	Need training/refresher classes on databases for new employees and current staff. Also, circulation staff should also be trained or learn about what databases and e-content is available because they are the front lines when working with patrons and need to help spread the word. Can there be intro classes offered throughout year? Need improved communications/training on best practices for Polaris – i.e. patron services, collection development. The monthly updates are helpful but could there be more frequent in-person refresher workshops at libraries around the county.	12/17/2015 1:55 PM
5	training is key for many smaller libraries that may not have the staff to do it. Small libraries may not be using some services to their potential due to lack of training. Perhaps a mentoring program would help.	12/17/2015 11:35 AM
6	For the 3M ranking, read "not very important"	12/10/2015 10:11 AM
7	Polaris training is mainly important when we have new staff, but periodic reports training would be helpful for everyone on our staff.	12/7/2015 12:00 PM

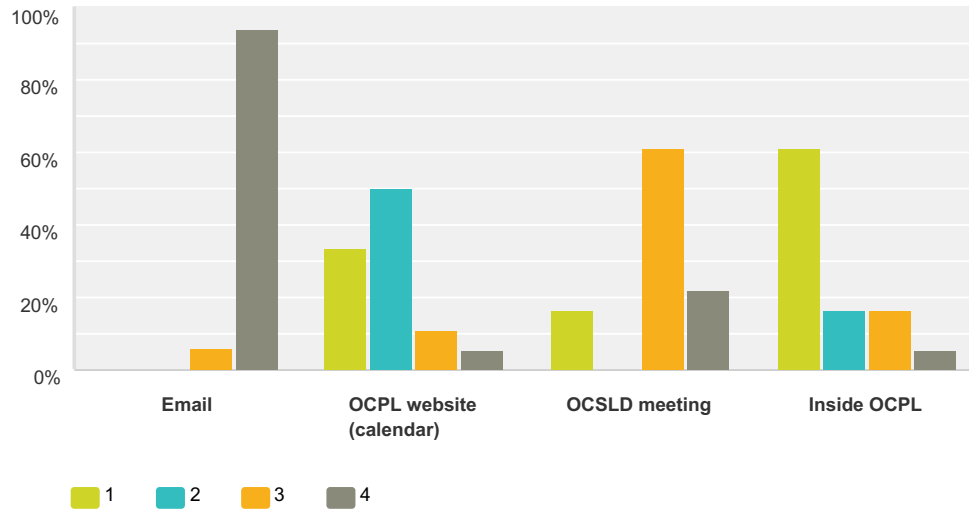

Q7 Are there Professional Development & Training opportunities not mentioned above that you would like OCPL to offer for staff?

Answered: 9 Skipped: 9

#	Responses	Date
1	Possible training topics could be how to deal with difficult patrons, managing children and teens who come in the library and cause trouble, some sort of safety training (active shooter, etc.).	12/22/2015 10:32 AM
2	I'd like MS office training for my staff, training in how to troubleshoot computer questions, handling reference questions and search techniques for non-librarians.	12/17/2015 4:01 PM
3	Opportunities for teen services, marketing, PR, web site development, social media, facilities management, human resources and staff management.	12/17/2015 1:55 PM
4	ebook downloading, utilizing social media, marketing your library, customer service. Would like to see more uniform training of circulation tasks for more uniform use across the system. Training in microsoft for both patrons and staff & we currently do not look to the system to provide. Internet search training.	12/17/2015 11:35 AM
5	Yes, anything technology oriented.	12/10/2015 1:04 PM
6	In-person training for major new ILS features/upgrades and for new products should be available at least 4-6 weeks before actual launch. Print training materials are not always adequate. Training in several locations around the system rather than just Central or the Branches would be helpful, as well.	12/10/2015 10:11 AM
7	We would like to see a more inclusive and transparent System Committee model that allows for wider participation across OCPL. We also would like to see agendas and minutes shared with all of OCPL for each committee	12/7/2015 4:20 PM
8	"Technology Petting Zoo" workshops would be great. These could involve introduction to different types of devices, futuristic concepts, and new technology the system purchases (i.e. workshops that show staff the devices included in the mobile maker spaces).	12/7/2015 12:00 PM
9	No	12/2/2015 11:40 PM

Q8 Rank the following means of providing announcements of Professional Development and Training opportunities to your library (1 being least preferred-4 being most preferred):

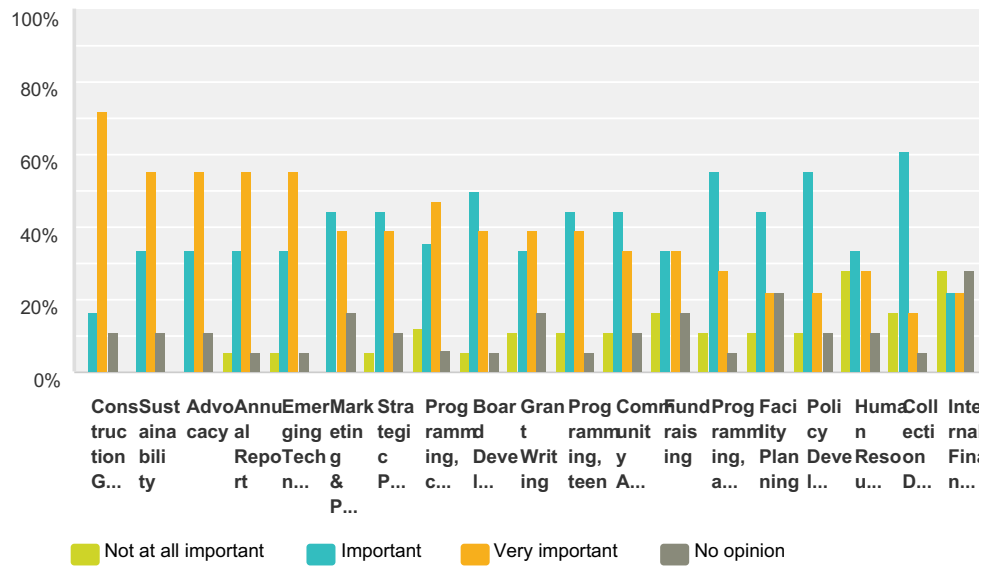

Answered: 18 Skipped: 0

#	Other (please specify)	Date
1	if the OCPL Update is resurrected it might be a good vehicle for this type of announcement. we like hearing about programs at the other libraries but news about training, new databases etc might be a better way to utilize this newsletter. Inside OCPL is not kept up to date and is overlooked-staff forgets it is there!	12/17/2015 11:35 AM
2	every member of OCPL should get a direct communication; these emails should not go through filters such as local administrations	12/7/2015 4:20 PM

Q9 How important are these Consulting and Development Services to your library?

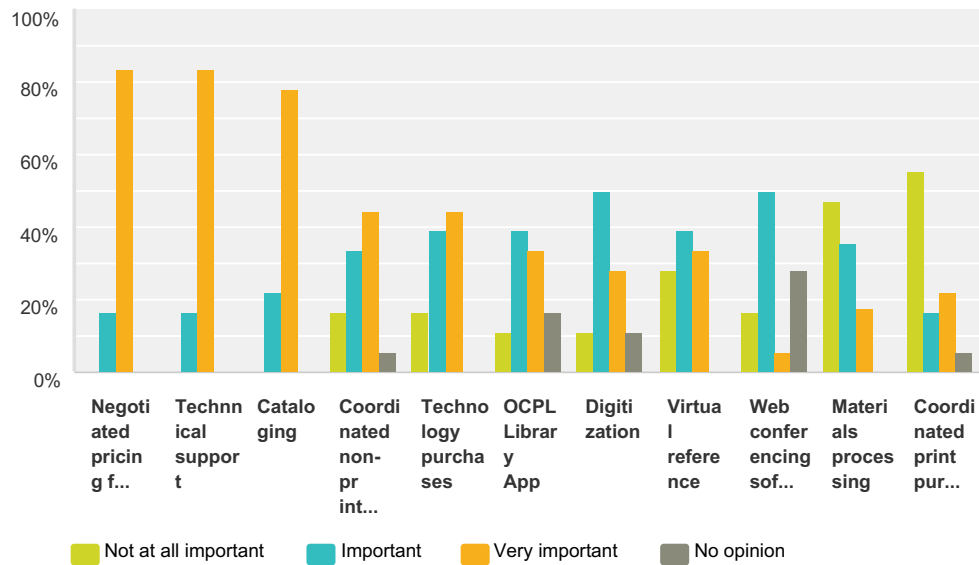

Answered: 18 Skipped: 0

#	Comments:	Date
1	Of the "no opinions," I'm not aware of consulting and development services offered in these areas.	12/17/2015 4:01 PM
2	more system guidelines and a system sounding board for circulation fine policies etc. Also, a process needed for vetting circ and fine policy changes.	12/17/2015 11:35 AM
3	There should be a Somewhat Important Option- I would include the four items that I marked as No Opinion as Somewhat Important, given that option	12/7/2015 4:20 PM

Q10 How important are these Coordinated Services to your library?

Answered: 18 Skipped: 0

#	Comments:	Date
1	Cataloging services need improvement due to authority record mistakes. Would love an OCPL Library app to help patrons manage accounts, find reading recommendations, register for programs. Would also love a Summer Reading app for teens.	12/17/2015 1:55 PM
2	Tech support needed for the hours libraries are open not just Central Hours. More staff with expertise in the intricacies of ILS. Cataloging-ours is only as good as Centrals!	12/17/2015 11:35 AM
3	Read "somewhat important" for "not at all important" based on my interpretation of the items.	12/10/2015 10:11 AM
4	There should be a Somewhat Important Option	12/7/2015 4:20 PM
5	I think an app should be a priority for OCPL. The mobile site is great, but a downloadable app would be a better way to have a consistent digital presence in patrons' lives.	12/7/2015 12:00 PM

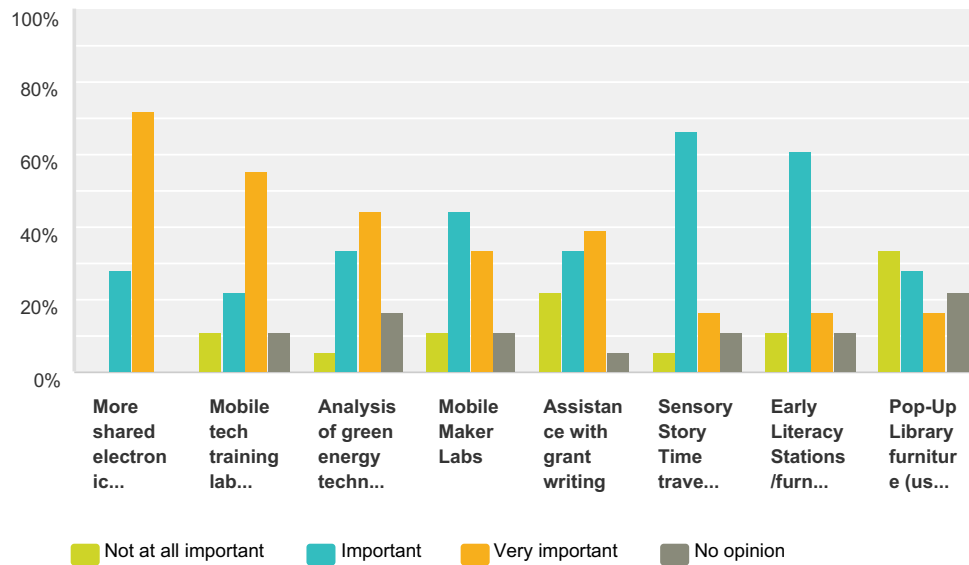

Q11 Are there Coordinated Services not mentioned above that you would like OCPL to offer?

Answered: 4 Skipped: 14

#	Responses	Date
1	Coordinated marketing and publicity campaign for libraries in Onondaga County is needed to spread the word about the value of libraries. Also needed to promote county-wide initiatives like Summer Reading and grant awards.	12/17/2015 1:55 PM
2	We want to keep doing our own TEch Services cataloging with support by staff at system level with strong knowledge. Need more Admin permissions in the ILS so admin our own staff's polaris accounts, fines & max limits, shelf locations etc. We want to at least be able to VIEW if not modify all config settings in Polaris/ILS. Evaluation of the ILS as the vendor evolves, merges etc. Is Polaris/III still the right platform??	12/17/2015 11:35 AM
3	None that I can think of.	12/10/2015 1:04 PM
4	No	12/2/2015 11:40 PM

Q12 How important are these Emerging System Services to your library?

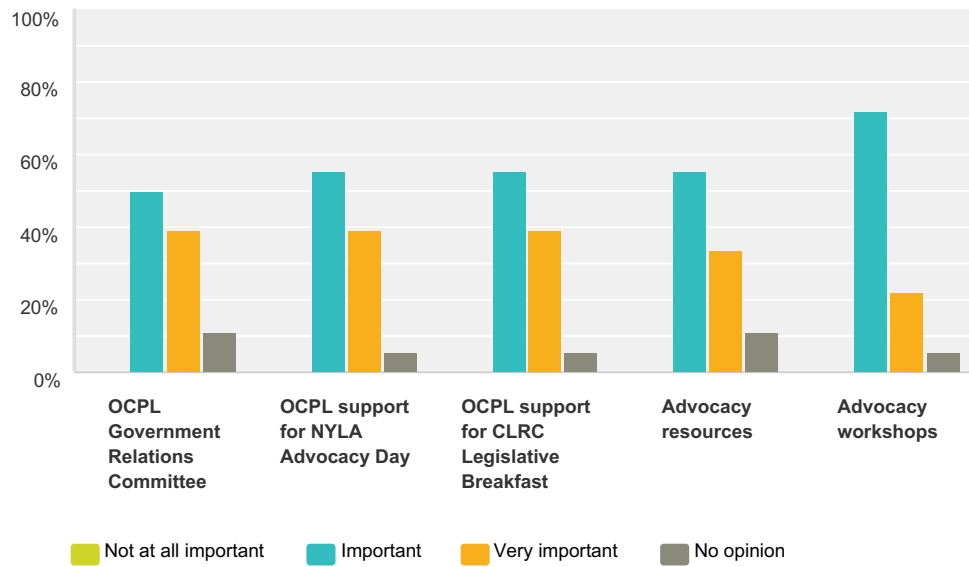

Answered: 18 Skipped: 0

#	Comments:	Date
1	A mobile laptop cart would be great! We currently don't have the space to do a lot of group training on computers.	12/22/2015 10:32 AM
2	Assistance with DeFrancisco and state construction grants is very helpful. I'm not aware of most of these and haven't used them.	12/17/2015 4:01 PM
3	More shared equipment is good for the entire system to have, especially when trying out a program for the first time.	12/17/2015 1:55 PM
4	the challenge with mobile kits etc is making sure system staff is properly TRAINED is best use, how to care for items etc.	12/17/2015 11:35 AM
5	There should be a Somewhat Important Option I would choose this option for items 1-4 and 8 for various reasons that I would appreciate having a space in the survey at #12 to expand upon	12/7/2015 4:20 PM
6	I love the new mobile maker labs, and I am in favor of anything else you can make mobile! I love it when we provide services that can be recognized by patrons across Onondaga County -- it helps unify and strengthen the system. I love to share! (If you haven't guessed by now that this is Rene Battelle filling out this survey, my nerdiness probably just gave me away :-)	12/7/2015 12:00 PM

Q13 How important are these Awareness and Advocacy services to your library?

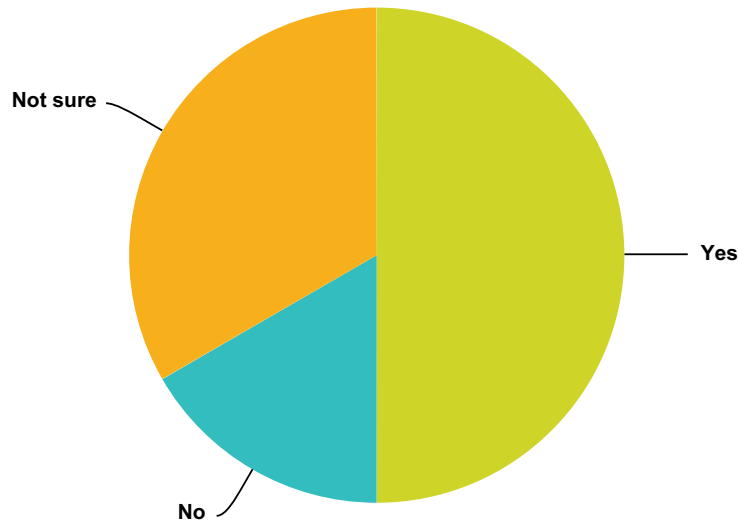

Answered: 18 Skipped: 0

#	Comments:	Date
	There are no responses.	

Q14 Do you feel your trustees have the skills to effectively advocate on behalf of libraries and library services?

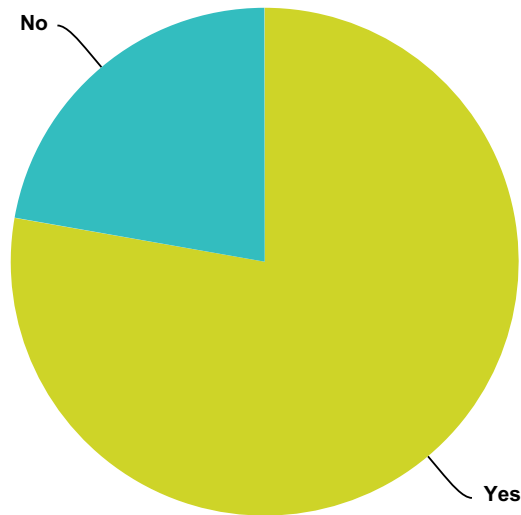

Answered: 18 Skipped: 0

#	If "No", please explain	Date
1	They don't seem to be fully knowledgeable about things that are happening at the library. They don't seem motivated to participate in Trustee training that would help them learn about libraries and how to advocate for them. They don't seem motivated to get out and advocate for the library either. They also don't seem to fully understand what it means to work in a library and all the responsibilities a Director has in a small library.	12/22/2015 10:32 AM
2	The skills vary greatly among the board members.	12/21/2015 4:58 PM
3	They love libraries, but they don't necessarily know how the libraries work. For example, when we first had OverDrive, I had a trustee who thought the library provided free books from Amazon. Some boards are more educated than others about libraries.	12/17/2015 4:01 PM
4	it's getting better	12/17/2015 11:35 AM
5	I want to say yes but occasionally something will make me question it.	12/10/2015 1:04 PM

Q15 Do you feel adequately informed about System news?

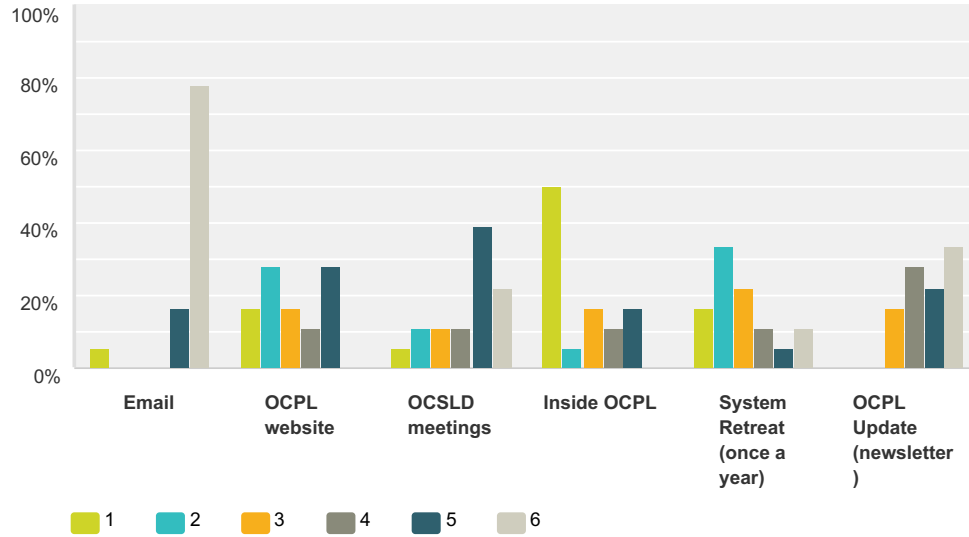

Answered: 18 Skipped: 0

#	If "No", please explain	Date
1	Most system news is communicated at the OCSLD meeting. Anyone who isn't able to attend a meeting misses out at least until the minutes come out.	12/22/2015 1:17 PM
2	Miss the OCPL Update, would love to see it back.	12/21/2015 4:58 PM
3	That is, I did until I started this survey and was asked about services that I didn't know were available.	12/17/2015 4:01 PM
4	OCPL Update newsletter was helpful but only came out once a month at irregular times and all libraries were not represented each month. When new databases or services are added, we don't often have the training needed or publicity materials to help us communicate these new services to patrons (ex: BookBrowse and Ancestry). Another way to inform all members besides using Inside OCPL for committee reports and updates?	12/17/2015 1:55 PM
5	as previously mentioned, while always nice to hear of other programs, a digital newsletter with more relevant info would be better. Perhaps a combo or devote one page to program news rest to more relevant news.	12/17/2015 11:35 AM
6	And no. I think there is a lot going on and it's hard to keep up. I'm sure that I miss a lot.	12/10/2015 1:04 PM
7	We could use a definition of system news? We get a lot of information about the Central Library, but System news, updates, priorities, etc- lacking	12/7/2015 4:20 PM
8	I think, when you get a new database or a new piece of technology like Google Glass, you should be louder about it! I would love for all libraries to share news more often, even if it floods my inbox, just to create an atmosphere where we can all talk about services of OCPL as being part of our own regular library services. All member libraries ARE "the library."	12/7/2015 12:00 PM

Q16 Rank the following means of providing communications to your libraries about the System (1 being least preferred-6 being most preferred):

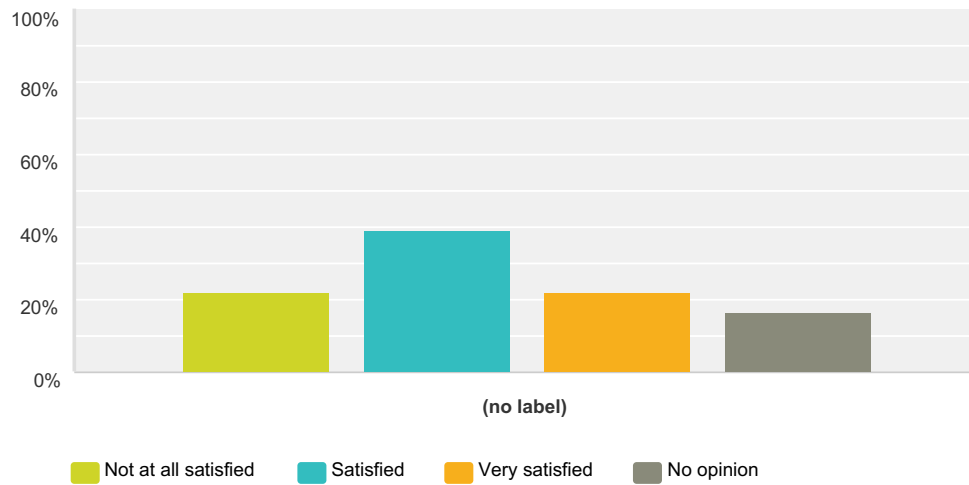

Answered: 18 Skipped: 0

#	Other (please specify)	Date
1	Staff prefers print so I tend to print copies of informational pieces.	12/10/2015 1:04 PM

Q17 How satisfied are you with the OCPL website, www.onlib.org?

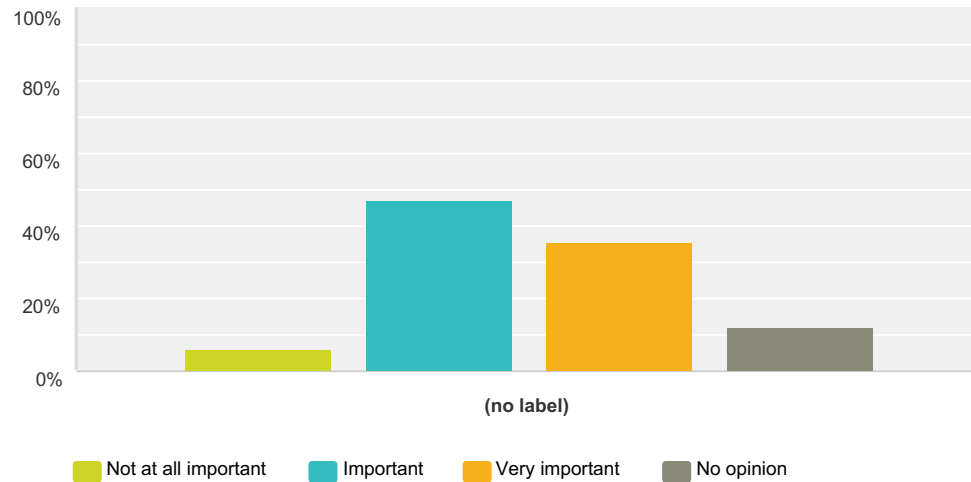

Answered: 18 Skipped: 0

#	Comments:	Date
1	Website is not user friendly. The look is outdated and does not keep up with current trends. Needs a coordinated calendar function to show all events in county. Look of website does not match library branding efforts. The website also seems to focus on Central branch and is not a gateway to member branches.	12/17/2015 1:55 PM
2	needs updating and it is not visually interesting. Some things are hard to find. Rarely use it	12/17/2015 11:35 AM
3	I wish I had more time to spend on our own website.	12/10/2015 1:04 PM
4	Difficult to locate relevant information through current navigation system; needs a search function; home page not compelling as a marketing tool.	12/10/2015 10:11 AM
5	It is sometimes too difficult to drill down through pages to find the information I need. I do like the event display up front, but I think some of the other pages might be more important to staff than patrons and could possibly be taken off the site, or perhaps put in a special "for librarians" section of the site.	12/7/2015 12:00 PM

Q18 How important would a System webpage as part of the OCPL website be to your library?

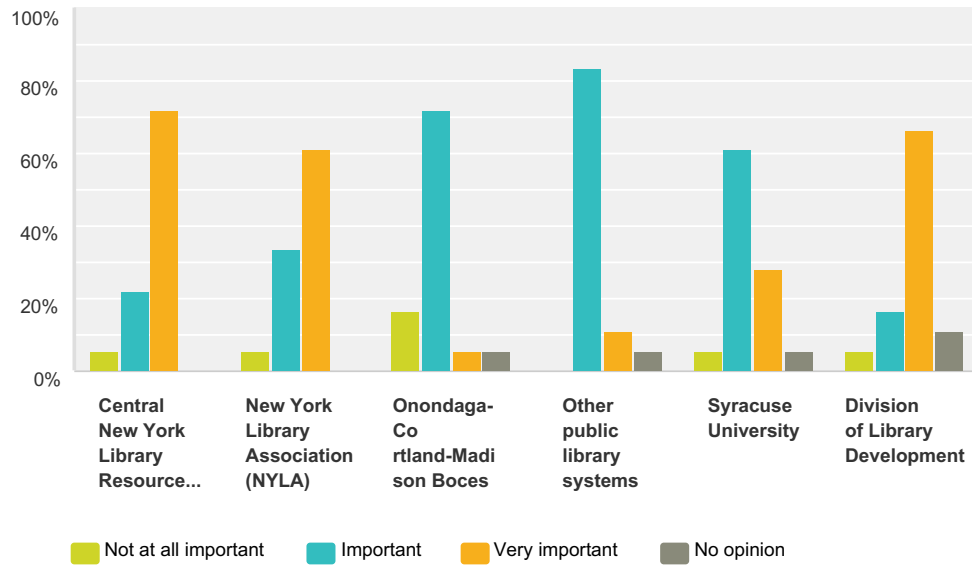

Answered: 17 Skipped: 1

#	Comments:	Date
1	It could be very important, depending on what's on it and what it does. This is the first I've heard of a possible system webpage.	12/17/2015 4:01 PM
2	only if it is kept up to date. Are you talking a staff portal? or a public page that would be just about programs etc. (not that helpful--links to library webpages would do this)	12/17/2015 11:35 AM
3	Would love it!	12/10/2015 1:04 PM
4	Depends on the kinds of information presented on a system web page. Consolidated directory and contact information is helpful.	12/10/2015 10:11 AM
5	this is a really confusing question- not sure what the difference would be between a System website and an OCPL website.	12/7/2015 4:20 PM
6	I would consult a webpage more often than I use InsideOCPL.	12/7/2015 12:00 PM
7	Not sure about this - would need more information about purpose and content	12/3/2015 4:13 PM

Q19 How important are OCPL cooperative efforts with these organizations to your library?

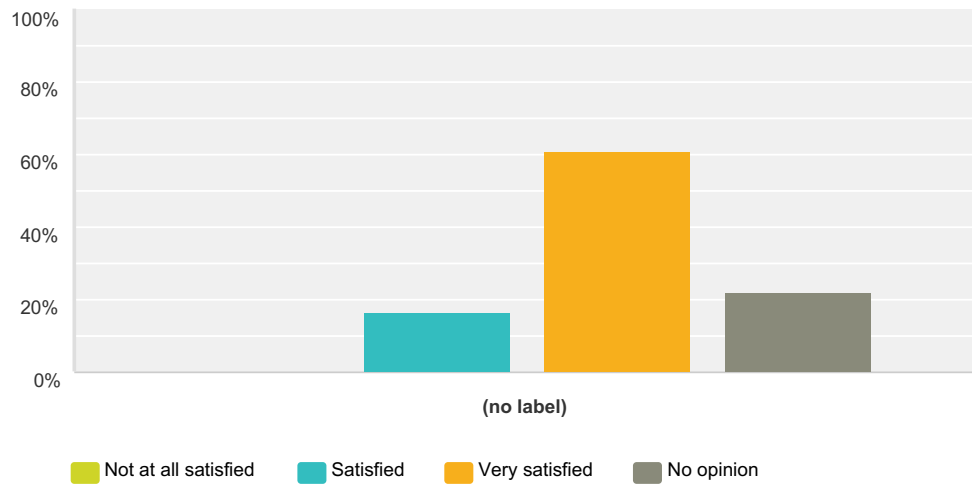

Answered: 18 Skipped: 0

#	Comments:	Date
1	should do more with other systems. We utilize SU for interns. How about a NYS union catalog? State wide digitization of yearbooks etc would be FABULOUS (NJ is doing that)	12/17/2015 11:35 AM
2	Our district uses another Boces, so there's a bit of a disconnect there.	12/10/2015 1:04 PM
3	There should be a Somewhat Important option, I would choose it for items 1-6 under #19	12/7/2015 4:20 PM

Q20 How satisfied are you with OCPL Construction Grant guidance and support?

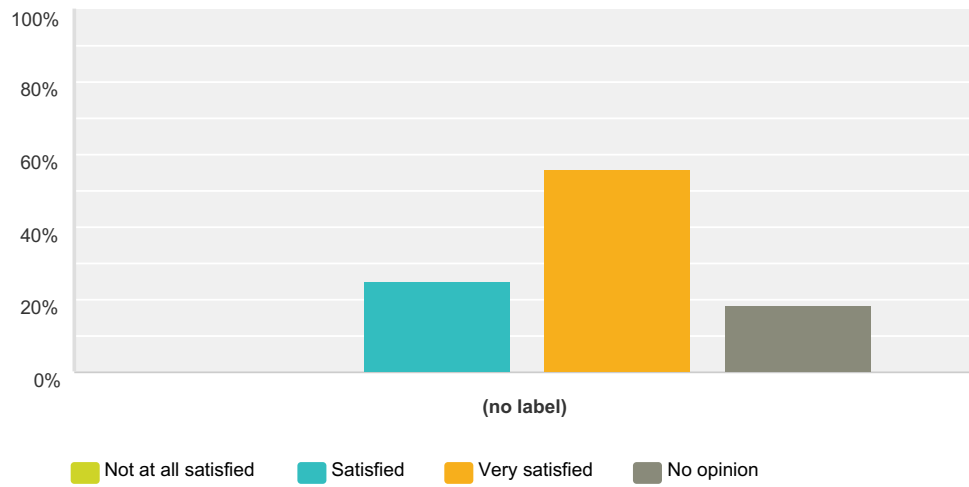

Answered: 18 Skipped: 0

#	Comments:	Date
1	Amanda does a great job on keeping us updated and answering or finding answers to any questions.	12/21/2015 4:58 PM
2	Excellent support and guidance through the process.	12/17/2015 1:55 PM
3	process is still hard to understand. More complicated than it needs to be. No fault of OCPL	12/17/2015 11:35 AM
4	Amanda performs an essential function in this area and does a wonderful job.	12/10/2015 10:11 AM
5	Somewhat Satisfied option here	12/7/2015 4:20 PM
6	Amanda Travis is wonderful!	12/7/2015 12:00 PM

Q21 How satisfied are you with the OCPL Construction Grant decision process?

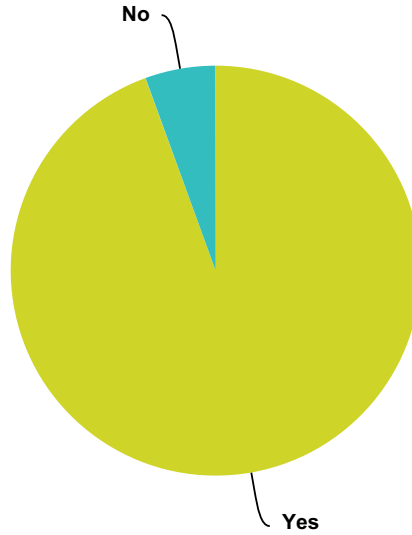

Answered: 16 Skipped: 2

#	Comments:	Date
1	Excellent.	12/17/2015 1:55 PM
2	Somewhat Satisfied option here	12/7/2015 4:20 PM

Q22 Do you feel Central Library's collections compliment and support your local collection?

Answered: 18 Skipped: 0

#	If "No", please explain	Date
1	And no. There is concern that a lot of 'last copy' items were discarded.	12/10/2015 1:04 PM
2	A quick run of Simply Reports does not support the notion that the Central Library Collections supports our local collection	12/7/2015 4:20 PM

Q23 How satisfied are you with these Central Library Services?

Answered: 18 Skipped: 0

#	Comments:	Date
1	A couple of times I've called telephone reference for help and they haven't been able to help me. They suggested a couple of things for me to try but didn't follow through themselves.	12/17/2015 4:01 PM
2	new finding age is appreciated	12/17/2015 11:35 AM
3	We have a lot of patrons interested in genealogy, and Holly in LHG has been a wonderful resource.	12/7/2015 12:00 PM

Q24 Please share any barriers to using any OCPL System service (specify the service & barrier).

Answered: 5 Skipped: 13

#	Responses	Date
1	ILL has been a barrier in that the paper process takes so long. Since 1993 years I have been borrowing directly from the NYS Library and have materials in hand in 3 business days. I am looking forward to the new option with World Cat which should speed up the time lag.	12/21/2015 4:58 PM
2	With recent staff turnover and changes in OCPL staffing, it is difficult for member branches to know who to contact regarding different issues. How can OCPL best introduce all staff member and their positions/responsibilities?	12/17/2015 1:55 PM
3	Central location and parking will always be a barrier. Training at branch libraries would be a help. Patrons love local history collection but often comment they "won't go downtown."	12/17/2015 11:35 AM
4	ILL- outdated and archaic; we have the technology to support patron ILL LEAP- whats the hold up enhancements for Polaris- current process not an effective system for improvements	12/7/2015 4:20 PM
5	na	12/2/2015 11:40 PM

Q25 Are there services/resources that OCPL does not currently offer but you would like to see offered in the future?

Answered: 9 Skipped: 9

#	Responses	Date
1	Access to paid webinars - similar to what CLRC is doing.	12/22/2015 1:17 PM
2	Again, it would be great if OCPL staff could be able to provide training to patrons regarding computers: basic resume and cover letter training, the best ways to search for jobs online, and tablet training. Training to library staff on new resources that OCPL provides would also be great as well as training if there is significant changes to Polaris.	12/22/2015 10:32 AM
3	I would love to see a place where larger, more expensive equipment would be available for all of us to use. e.g. large full color printer for printing large banners and posters and the ability to laminate items of various sizes.	12/21/2015 4:58 PM
4	More workshops and professional development for member library staffs. More consortial negotiations and purchases, especially for digital content.	12/17/2015 4:01 PM
5	- OCPL App - Summer Reading App - New Teen Summer Reading Program – the badge program was a great start but lack of funding support made it unsustainable. - Movie and music streaming service for all libraries - Homebound Delivery service	12/17/2015 1:55 PM
6	OCPL should remain active in POLARIS/III users group. Increased sharing of ideas among all libraries will increase the sense of community and SYSTEM among all libraries. While, yes, we are serving our individual taxpayer populations, we should not feel like we are competing with each other.	12/17/2015 11:35 AM
7	open, transparent, effective system wide committee, agendas and minutes shared with all of OCPL, open invitation for participation across the system to all staff	12/7/2015 4:20 PM
8	I would like to see an adult services committee, similar to the YA and children's groups, to discuss adult programming and collections. I know it can be difficult to find meeting times, so this could be a virtual committee that meets via Google Hangouts or GoToMeeting.	12/7/2015 12:00 PM
