

# MAKING SMALL MOMENTS BIG!

MONDAY

When you talk, read and sing with children, you're helping them build their brains and develop important language, math, reading and social skills. Use these cards every day to help your child learn through their play.

If you have questions about your child's growth or want to talk with someone about parenting, please call **2-1-1** and ask for **Help Me Grow**. For more tips and activities, visit [onlib.org/makingsmallmomentsbig](http://onlib.org/makingsmallmomentsbig).

GOOD  
MORNING

READ ME  
A STORY!

You can inspire a love of books and words in your young child by reading or telling a story together every day.

MORNING  
PLAYTIME

Everywhere you go, talk about what you see. A stop sign, a traffic light, or a tree might seem boring to you, but it's a whole new world to your child, so teach them about it!

# TODDLERS

LUNCH  
TIME

WHAT  
SHAPE  
IS IT?

Try some early math activities: point out shapes on your child's plate or around the kitchen. Ask your child, "How many sides does a square have?" "How about a triangle?"

AFTERNOON  
PLAYTIME

I SPY  
SOMETHING  
YELLOW!

Young children learn best during playful, everyday activities. Play “I-Spy” in the house together. Choose a color and encourage your child to point out objects that match the color.

TIME  
FOR BED

SPLISH  
SPLASH!

Play games during bath time to help your child learn new words. Take turns dropping toys in the water. Say, “Watch it sink!” or “It floats!”
